Baltic Leadership Programmes

- BLP is a leadership training programme designed to promote the better implementation of EUSBSR

- Joint undertaking. In case of BLP S3 SI – PA Inno - CPMR

- Tailor made trainings – pre-study

- In 2018 2 BLP Youth & Bioeconomy; S3)

To foster the sustainable development of BSR

- Established transnational/interregional networks within concrete areas, methods/approaches and actions

- Strengthened cross-sectorial thinking (different actors/levels) widened perspectives and transnational problem-solving

- Developed individual- and organisational skills and capacities

- Increased knowledge on EUSBSR, support for policy/advocacy building

- Sustainable operation of established network/platform

Tools in BLP S3

- Strengthen capabilities for interregional systems – three key topics

- Leadership trainings how to lead and organise cooperation in a multi-level format with consideration to own organisational learning (system perspectives)

- Digital tools, peer learning- & group work exercises

Expected outputs/ outcomes:

- A strengthened network for S3-specialists in the Baltic Sea Region

- Increased knowledge and insights into the design and implementation of S3

- A workbook consisting of models, tools and insights collected and developed by course participants based on their needs and challenges.
